Adopt a proactive approach - keep current - anticipate, understand, plan, and prepare for the next carve out.

Frame the problem

Core Competencies

Performance

- Principles of war
- Range of MI Ops
- Experience

Visualize

- The end state
- The nature and design of the operation
- Warfighting functions
- Offense
- Defense
- Stability

Direct

- Describe
- Time, space, purpose, and action
- Operational environment
- Intelligence
- Stability
- Deep-Cover
- Decision-Shaping
- Sustaining
- Operations

Plan

- Appreciate the battle
- Setup awareness
- Planning guidance
- Decision making
- Sustaining
- OPORD

Frame an operational environment

Current state
- What's going on?
- Understand current conditions of OE
- LOEs

Desired end state
- What should the OE look like?
- Visualize desired conditions of the OE

Describe

- Operational environment
- Initial commander's intent
- Intelligence

Direct

- Mission Command
- Fires
- Intelligence
- Protection
- Sustainment
- Movement and Maneuver

Assess

- Plans and Orders
- Execution and sequels
- Preparation

Adopt a proactive approach - keep current - anticipate, understand, plan, and prepare for the next carve out.

Mission command warfighting function tasks

Primary Commander Tasks

- Develop the operational plan
- Develop the campaign plan
- Develop the battle plan
- Assess and refine the plan

Primary Staff Tasks

- Support command staff
- Support operations
- Training
- Intelligence
- Situational awareness
- Synchronization
- Information management
- Defense

Advocated Tasks

- Sustainment
- Intelligence
- Support
- Operations
- Intelligence
- Situational awareness
- Synchronization
- Information management
- Defense

How do we help?

- Provide support for domestic incidents
- Provide support for operational safety
- Provide support for operational support
- Provide support for other operations

- Support for domestic civilian law enforcement
- Support for operational safety
- Support for operational support
- Support for other operations

- Provide support for domestic civilian law enforcement
- Support for operational safety
- Support for operational support
- Support for other operations

- Provide other designated support
- National security events
- Other special events
- Natural disasters
- Human, animal, or crop diseases

- Provide other designated support
- National security events
- Other special events
- Natural disasters
- Human, animal, or crop diseases

What obstacles impede progress to desired end state?

- What broad general actions will resolve problem?
- Run through "what if?" scenarios
- What will occur?
- What should occur?
- What should have occurred?

Develop the plan

- Using the military decision making process
- What should the OE look like?
- Visualize desired conditions of the OE

Defensive support of civil authorities core tasks with examples

- Provide support for domestic incidents
- Provide support for operational safety
- Provide support for operational support
- Provide support for other operations
